SECTION 2 - TERMS AND CONDITIONS

2.1 Undertaking of the Company and Locations of Service

The Company's service is furnished to Customers for interexchange communications originating and terminating within West Virginia under the terms of this tariff. The Company's service is available twenty-four hours per day, seven days per week, except as otherwise provided in the Company's tariffs.

The Company arranges for installation, operation, and maintenance of the service provided in this tariff for the Customer in accordance with the terms and conditions set forth in this tariff. The Company may, when authorized by the Customer, act as the Customer's agent for ordering access connection facilities provided by other carriers or entities (such as the local exchange company), to allow connection of a Customer's location to the Company's service. The Customer shall be responsible for all charges due for such service arrangement.

Unless otherwise stated in this tariff, interstate interexchange service is only provided with intrastate-interexchange service other than intrastate intraLATA MTS. Unless otherwise stated in this tariff, interstate interexchange service and intrastate interexchange service, other than intrastate intraLATA MTS, are not offered separately. Unless otherwise stated in this tariff, interstate interexchange service plans are only available with their corresponding intrastate interexchange service plans, e.g. interstate Plan A Service is only offered with intrastate Plan A Service.

Where network facilities and billing systems permit, the Company will block casual dialing.

2.2 Use of Service

2.2.1 Service may be used for any lawful purpose for which it is technically suited. Service may not be used for unlawful purposes.

2.2.2 The Customer obtains no property right or interest in the use of any specific type of facility, service, equipment, number, process, or code. All right, title and interest in such items remain, at all times, solely with the Company or its underlying carrier or service provider, as appropriate.

2.2.3 Recording of telephone conversations transmitted over service provided by the Company under this tariff is prohibited except as authorized by applicable federal, state and local laws.

The Company's acceptance of an application or order for service by an applicant whose credit has not been duly established may be subject to deposit, advance payment and/or refusal of service provisions described in this tariff. The Company may also require a signed authorization from the Customer for additions to or changes in existing service for such Customer. An application for service canceled by the applicant or by the Company prior to the establishment of service is subject to the provisions of this tariff concerning cancellation charges.

2.5.6 The Company shall not be liable for unlawful use, or use by any unauthorized person, of its service, or for any claim arising out of a breach in the privacy or security of communications transmitted by the Company. The Company is not liable for any damages, including toll usage charges, the Customer may incur as a result of the unauthorized use of its telecommunications facilities. Such unauthorized use of its telecommunications facilities includes, but is not limited to, the placement of calls through Customer-provided equipment which are transmitted or carried on the Company's network. The Customer is responsible for controlling access to, and the use of, its own telecommunications facilities.

2.5.7 WITH RESPECT TO SERVICE PROVIDED BY THE COMPANY, THE COMPANY HEREBY EXPRESSLY DISCLAIMS ALL WARRANTIES, EXPRESSED OR IMPLIED, NOT STATED IN THIS TARIFF, AND IN PARTICULAR DISCLAIMS ALL WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

2.7 Taxes and Fees

2.7.1 Municipal taxes are listed as a separate line item on the Customer's bill and are not included in the quoted rates and charges set forth in this tariff.

2.7.2 Pay Telephone Surcharge

In order to recover the Company's expenses to comply with the FCC's pay telephone compensation plan effective on October 7, 1997 (FCC 97-371), unless otherwise stated in this tariff, an undiscountable per call charge is applicable to all interstate, intrastate and international calls that originate from any domestic pay telephone used to access the Company's services. The Pay Telephone Surcharge, which is in addition to standard tariffed usage charges and any applicable service charges and surcharges associated with the Company's service, applies for the use of the instrument used to access the Company service and is unrelated to the Company's service accessed from the pay telephone.

Pay telephones include coin-operated and coinless phones owned by local telephone companies, independent companies and other interexchange carriers. The Pay Telephone Surcharge applies to the initial completed call and any reoriginated call (i.e., using the "#" symbol).

Whenever possible, the Pay Telephone Surcharge will appear on the same invoice containing the usage charges for the surcharged call. In cases where proper pay telephone coding digits are not transmitted to the Company prior to completion of a call, the Public Pay Telephone Surcharge may be billed on a subsequent invoice after the Company has obtained information that the originating station is an eligible pay telephone.

2.8 Terminal Equipment

The Company's facilities and service may be used with or terminated in Customer-provided terminal equipment or Customer-provided communications systems, such as a telephone set, PBX or key system. Such terminal equipment shall be furnished and maintained at the expense of the Customer, except as otherwise provided in this tariff or separately agreed upon by the Customer and the Company. The Customer is responsible for all costs at his or her premises, including, but not limited to, personnel, wiring, electrical power, and the like, incurred in the use of the Company's service. When such terminal equipment is used, the equipment shall comply with applicable rules and regulations of the Federal Communications Commission, including, but not limited to, Part 68. In addition, equipment must comply with generally accepted minimum protective criteria standards and engineering requirements of the telecommunications industry which are not barred by the Federal Communications Commission.

2.9 Installation

No installation of the Company's services at the Customer's premises is required to use the Company's service. Service is initiated by request of the Customer. SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

2.10 Payment for Service

2.10.1 Billing and payment for service by West Virginia Customers shall be according to West Virginia Code of Administrative Rules. Service is provided and billed on a monthly basis. Bills are due and payable upon receipt. Late payment fees for Customers who have their charges billed by an affiliated local exchange company will be the late payment fee applied by the affiliated local exchange company to overdue charges. Customers that are not billed by an affiliated local exchange company may be charged a late payment fee of 1.5% per month, or the maximum amount allowed by law, whichever is lower. The late payment fee will apply to any overdue charges and will begin to accrue no sooner than the 30<sup>th</sup> day after the billing date or as allowed by law. In the event that the Company incurs fees or expenses, including attorney's fees, collecting, or attempting to collect, any charges owed to the Company, the Company may charge the Customer, and the Customer will pay, all such fees and expenses reasonably incurred. Collection fees on overdue charges apply in addition to all applicable late payment charges and shall begin to accrue when the Account is assigned to an outside collection agency.

2.10.2 The Customer is responsible for payment of all charges for service furnished to or used by the Customer, or the Customer's agents, servants, employees or customers. The Customer is also responsible for payment of charges for all other third persons' use of service to which the Customer subscribes. All charges due from the Customer are payable to the Company or to the Company's authorized billing agent in immediately available U.S. dollars. Any objections to billed charges must be reported to the Company or its billing agent within six months after receipt of bill. Adjustments to the Customer's bill shall be made to the extent that circumstances exist which reasonably indicate that such changes are appropriate.

SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

2.10 Payment for Service, (Cont'd.)

2.10.3 The security of the Customer's Authorization Codes is the responsibility of the Customer. All calls placed using such Authorization Codes shall be billed to and shall be the obligation of the Customer. The Customer is responsible for all calls placed via the Customer's Authorization Code, whether such use is as a result of the Customer's intentional or negligent disclosure of the Authorization Code or otherwise. However, the Customer shall not be responsible for charges in connection with the unauthorized use of Authorization Codes arising after the Customer notifies the Company of the loss, theft, or other breach of security of such Authorization Codes.

2.10.4 The Company shall assess a charge of \$20.00, whenever a check or draft presented for payment of service is not accepted by the institution upon which it is written.

2.10.5 The Customer shall be responsible for payment of rates and charges for all calls placed by or through Customer's equipment by any person. In particular and without limitation of the foregoing, the Customer is responsible for payment of rates and charges for any calls placed by or through the Customer's equipment via any remote access features.

2.10.6 The Company reserves the right to examine the credit record or other available external sources of credit of an applicant or Customer. The Customer whose service has been disconnected for nonpayment of bills shall be required to pay any unpaid balance due to the Company before service is restored, and a deposit may be required.

2.10.7 The Company shall make no refund of overpayment by the Customer unless the claim for such overpayment, together with proper evidence, is submitted within two years of the date of alleged overpayment. In calculating refunds, any applicable discounts shall be adjusted based upon the actual monthly usage after all credits and adjustments have been applied.

2.10.8 Duplicate Bill Charge

A Residential Customer who requests a reprint of their monthly long distance bill that is older than six months and whose long distance charges are billed by an affiliated local exchange company will be assessed the charge applied by the affiliated local exchange company.

SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

2.11 Deposits

- 2.11.1 Each applicant for service may be required to establish credit pursuant to the rules and regulations of West Virginia. Any applicant whose credit has not been duly established may be required to make a deposit at the time of application to be held as a guarantee of payment of charges. In addition, an existing Customer may be required to make a deposit or increase a deposit currently held. The Company shall pay simple interest on deposits at a rate prescribed by the Commission.
- 2.11.2 A deposit shall not exceed the estimated charges for one month of service, for residential and one and one-half months of service for business, plus installation, and shall be returned with accrued interest: 1) when an application for service has been canceled prior to the establishment of service; or 2) at the end of nine (9) consecutive months of a satisfactory credit history; or 3) upon discontinuation of service, whichever comes first. The Company shall apply the deposit against any outstanding balances due. If a credit balance exists after such application, the Company shall refund the balance to the Customer.
- 2.11.3 The fact that a security deposit has been made in no way relieves the Customer from the prompt payment of bills upon presentation.
- 2.11.4 For deposits required of residential Customers, the Company agree to comply with the requirements as set forth by the Commission.

2.12 Advance Payments

The Company reserves the right to require an advance payment from any business Customer instead of a security deposit. The advance payment shall be in an amount equal to the estimated installation charges and other applicable nonrecurring charges, plus one months' estimated billing.

SECTION 2 - TERMS AND CONDITIONS, (Cont'd.)

2.13 Interruption of Service

2.13.1 Credit allowances for interruptions of service which are not due to the Company's testing or adjusting, to the negligence or other wrongful act or omission of the Customer, or to the failure of services, channels, equipment and/or communications systems provided by the Customer or the Customer's agents, servants, employees, or customers, are subject to the general liability provisions set forth in this tariff. It shall be the obligation of the Customer to notify the Company immediately of any interruption in service for which a credit allowance is desired by the Customer. Before giving such notice, the Customer shall ascertain that the trouble is not within his or her control, or is not in wiring or equipment, if any, furnished by the Customer. Interruptions caused by Customer-provided, or Company-provided, automatic dialing equipment are not deemed an interruption of service as defined herein since the Customer has the option of using the long distance network via dial access code.

2.13.2 For purposes of credit computation, every month shall be considered to have 30 days and every day 24 hours. For all Company services no credit shall be allowed for an interruption of continuous duration of less than twenty-four hours. For services billed on a usage basis, credits will be limited to, at maximum, the price of the call that was in progress at the time of the service interruption.

For services with monthly recurring charges, credit is computed by multiplying the monthly recurring rate by the ratio that the number of hours in the period of interruption bears to 720 hours (30 days times 24 hours). The credit shall be based upon the non-usage charges for the month during which the interruption occurred, excluding equipment and access line charges. Credits for services billed on a usage basis will be determined as set forth above.

2.13.3 An interruption is measured from the time the Customer notifies the Company of the interruption until the trouble is cleared. Each interruption is considered separately for the purposes of establishing credit allowance. Unless otherwise specified in this tariff, the credit for a billing period shall not exceed the monthly rate.

SECTION 3 - DESCRIPTION OF SERVICES AND RATES, (Cont'd.)

3.2 Timing of Calls

Billing for calls placed over the network is based in part on the duration of the call.

- 3.2.1 Timing for all calls begins when the called party answers the call (i.e., when two way communications are established). Answer detection is based on standard industry answer detection methods, including hardware and software answer detection.
- 3.2.2 Chargeable time for all station-to-station calls begins when connection is established between calling party and the called party and ends when the calling party hangs up thereby releasing the network connection. If the called party hangs up but the calling station does not, chargeable time ends when the network connection is released either by automatic timing equipment in the network, or by an operator.
- 3.2.3 Minimum call duration for billing purposes is one minute unless otherwise specified in the individual rate schedules of this tariff.
- 3.2.4 Calls are measured and billed in one minute increments on a per call basis, unless otherwise indicated in this tariff. Fractional billing increments are rounded to the full billing increment as stated in the product description.
- 3.2.5 No charges apply to incomplete calls. An incomplete call is a station call in which the called station does not answer, or a person-to-person call in which the station does not answer or the requested person is unavailable, or a collect call for which the called party refuses to accept the charges.
- 3.2.6 Usage charges are computed on a per call basis. When computation of call charges result in fractional cents, the resulting charge is rounded to the nearest penny.
- 3.2.7 The Initial Increment and Additional Increments are calculated and rounded separately. The two are then added together to arrive at the total charge for a call.

SECTION 3 - DESCRIPTION OF SERVICES AND RATES, (Cont'd.)

3.3 Calculation of Distance ("V&H")

Usage charges for all mileage-sensitive products are based on the airline distance between serving wire centers associated with the originating and terminating points of the call.

The service wire centers of a call are determined by the area codes and exchanges of the origination and destination points.

The distance between the wire center of the Customer's equipment and that of the destination point is calculated by using the vertical ("V") and horizontal ("H") coordinates found in Telecordia Technologies (formerly known as Bellcore) V&H Tape and NECA FCC Tariff No. 4.

- Step 1 Obtain the "V" and "H" coordinates for the wire centers serving the Customer and the destination point.
- Step 2 Obtain the difference between the "V" coordinate of each of the wire centers. Obtain the difference between the "H" coordinates.
- Step 3 Square the differences obtained in Step 2.
- Step 4 Add the squares of the "V" difference and "H" difference obtained in Step 3.
- Step 5 Divide the sum of the square obtained in Step 4 by ten (10). Round to the next higher whole number if any fraction results from the division.
- Step 6 Obtain the square root of the whole number obtained in Step 5. Round to the next higher whole number if any fraction is obtained. This is the distance between the wire centers.

Formula: 
$$\sqrt{\frac{|V_1 - V_2|^2 + |H_1 - H_2|^2}{10}}$$

Frontier Local Calling Plan Plus	Frontier West Virginia Inc. - Optional Calling Plans Tariff, P.S.C. - W. VA. - No. 215, Section 14	(C)

B. Time of Day Rate Periods and Usage Measurements

For the purpose of determining charges, the following time-of-day rate periods apply:

Rate Period	Including	Times
Off-Peak	Night	12:00 am to 5:59 am Monday through Friday, 9:01 pm to 11:59 pm, Monday through Friday
Peak	Weekend Daytime	12:00 am Saturday to 11:59 pm Sunday All other time periods not included in the Off-Peak times specified above.

All calls are recorded in one minute increments. Total monthly usage is determined by measuring each call individually and rounding the call to the next full minute on a per-call basis. The total monthly usage during a billing period is the sum of the minutes computed for each individual call in the Peak Rate Period. The total usage sum, minus the monthly call allowance, is multiplied by the usage rate specified below. The resulting product is then rounded up to the next cent.

Calls are billed based on the rate in effect for the actual time-of-day rate period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rate in effect in that boundary for each portion of the call.

3.6.18 Frontier Residential Unlimited Voice Service

(N)

A. General Description

Frontier Residential Unlimited Voice Service is a non-distance sensitive product that includes direct dial 1+ outbound service. Pre-subscription of the primary line to Frontier Communications of America, Inc. (FCA) is required to subscribe. This plan is available to customers of certain local exchange companies (LEC) with whom the carrier has a billing and collections contract. The Customer must subscribe to the Frontier Residential Unlimited Voice Service or Frontier Unlimited Voice and Feature Bundle in the local service product offered by that associated LEC and must be on the main billing number on the account in order to be eligible for the Frontier Residential Unlimited Voice Service option.

B. Usage Charges

With the Frontier Residential Unlimited Voice Service option, unlimited intrastate usage is available only on the main billing number on the account. All calls that do not qualify for unlimited calling are billed in one-minute increments with a minimum billing of one minute per call. Frontier Residential Unlimited Voice Service long distance provides unlimited minutes of direct dialed 1+ intrastate calling for residential voice service only. The unlimited minutes of long-distance service do not include usage for calls to 900 numbers, long distance directory assistance, or operator services.

Frontier Residential Unlimited Voice Service is offered to the residential user, for the Customer's personal, residential, non-business and non-professional use. Using Frontier Residential Unlimited Voice Service is prohibited for any commercial or governmental activities, for profit or non-profit, including but not limited to home office, business, sales, telecommuting, telemarketing, continuous autodialing, fax broadcast, fax blasting, accessing the Internet with a long distance dial-up number, resale or transfer of the Frontier Residential Unlimited Voice Service or any other activity that would be inconsistent with normal residential voice applications and usage patterns, including conference calls. Average residential Customer use will be determined by Frontier based on average minutes of use of the Plan by representative residential Customers served by Frontier who subscribe to the Plan. If a Customer has substantially more than average residential Customer use, Frontier may regard such use as non-residential use subject to the remedies set forth following.

Additional restrictions may apply.

There will be no individual call detail on the invoice for usage associated with the unlimited direct dialed calls included in this plan. If the customer changes the Long Distance pre-subscription on the main line, the Frontier Residential Unlimited Voice Service plan option will automatically be removed from the main line and thus the customer's account.

7.1.2 High-Volume Discount LD Plan (C)

Effective November 5, 2009, High-Volume Discount LD Plan calling plan is grandfathered and no longer available to new Customers. No moves, changes or additions will be allowed for existing Customers. (C)

High-Volume Discount LD Plan is an optional calling plan offered to Business Customers for outbound direct dialed calling from presubscribed switched Access Lines at rates which are dependent on the Customer's monthly usage guarantee (MUG) level. Inbound (toll free) calling is also available for termination on switched Access Lines. Customers may select a one or three year term commitment in order to obtain lower rates. (C)

This plan is an add-on service to the interstate High-Volume Discount LD Plan. See [www.Frontier.com](http://www.Frontier.com). (C)

A. Billing Increments

The billing increment and minimum call duration of each call is determined by the access method selected by the Customer and the call type. Partial increments are rounded to the next increment.

<u>Access Type/Call Type</u>	<u>Initial Increment</u>	<u>Additional Increment</u>
Switched Access	18 seconds	6 seconds
Operator assisted	60 seconds	60 seconds

B. Monthly Usage Guarantee

All intrastate, interstate and international usage charges and applicable surcharges billed to the Customer under this plan contribute towards meeting the monthly usage guarantee. In addition, Conference Connections audioconferencing usage, Private Line and Data Services usage, feature charges and monthly recurring charges are contributory to the monthly usage guarantee. Taxes, presubscribed line charges, carrier universal service charges, pay telephone use charges and other similar fees are not contributory. Customers whose total monthly long distance usage charges do not meet their subscribed Monthly Usage Guarantee level will be assessed the difference between their total long distance usage charges and their subscribed Monthly Usage Guarantee level.
