FACILITIES FOR INTRASTATE ACCESS - LIMITED

III. SPECIAL CONDITIONS

A. General

The Utility will deliver telephone traffic to and receive telephone traffic from an OSP only via switched access facilities, as described in Schedule Cal. P.U.C. No. C-1.

An OSP may process intraLATA, zero-plus (0+), non-sent-paid calls originating within the Utility's operating areas from a customer-owned pay telephone.

An OSP may not process intraLATA, zero-plus, non-sent-paid calls originating within the Utility's operating areas if the call does not originate from a customer-owned pay telephone.

An OSP may not process intraLATA, zero-minus (0-) calls originating within the Utility's operating areas.

The rates, charges, regulations, definitions, terms, and conditions contained in Schedule Cal. P.U.C. No. C-1 in relationship to intrastate FGA are also applicable to the intraLATA services provided from this schedule as authorized in D.90-06-018.

Calls routed to an OSP for billing and collection purposes must be routed over facilities specified in section II. RATES, above, of this schedule or specified as FGA in Schedule Cal. P.U.C. No. C-1.

An intraLATA call sent to an OSP for processing must be returned to the same central office to which the OSP connects directly to the Utility's network.
